Say goodbye to traditional workshops that leave your people bored and disengaged and gear up for an exhilarating adventure!

AMBIGUITY APOCALYPSE™

The game that will help your people tackle ambiguity head-on in a safe and supportive environment that challenges their critical thinking and allows them to develop skills and confidence through immersive gameplay.

PREPARE FOR THE UNEXPECTED!

WHY CHOOSE AMBIGUITY APOCALYPSE FOR GAME-BASED LEARNING?

- It's a team effort to get the highest score in a thrilling race against time.
- Collaborate, communicate, and leverage each other's strengths to survive or conquer challenges and outwit, outlast, and outscore other teams.
- Make critical decisions in the face of incomplete information, practise resilience, adaptability, and sharpen creative problem-solving skills.
- Team members must make tough choices to manage resources, balance risk, and ensure their team's survival against the relentless ticking clock in an ever-changing environment.
- People's confidence and ability to apply their learning to real-life situations will be boosted.
